

チョコラBBナイトウェル

Designated quasi-drug

チョコラBB[®]ナイトウェル

When taking this product before bed, active ingredients will spread throughout your body and relieve fatigue accumulated during the day while you sleep.

Indications

- Maintaining and improving physical strength, physical resistance, or mental concentration
- Recovering from and preventing fatigue
- Improving and preventing poor physical condition due to fragile health (including physical weakness due to ageing)
- Improving and preventing poor physical conditions due to poor nutrition in daily life: Becoming tired easily, residual tiredness, lack of physical strength, heaviness in the body, and physical malaise; problems falling asleep, sleeping lightly, and trouble waking up well; poor skin condition (skin roughness or dryness); decreased appetite or physical malaise due to a hangover; and eyestrain.
- Nutritional supplementation when physical strength is impaired during or after illness, during exhaustion due to fever, for loss of appetite, during pregnancy or lactation (or before and after labor), etc.

Dosage and Administration

For adults (15 years and over), take 1 bottle (50 mL) once a day.

Follow the dosage and administration method. (If using this product at the same time as other products with ingredients such as vitamins, be careful not to take excessive amounts.)
